Environmental Biology of Fishes **47**: 419–421, 1996.

Volume 47

Issue 1, pp. 1–108: September 1996
Issue 2, pp. 109–218: October 1996
Issue 3, pp. 219–328: November 1996
Issue 4, pp. 329–424: December 1996

Volume contents

Full papers

Genetic evidence supporting the existence of two distinct species in the genus *Gasterosteus* around Japan, by M. Higuchi & A. Goto 1–16

Drought, differential mortality and the coexistence of a native and an introduced fish species in a south east Australian intermittent stream, by G.P. Closs & P.S. Lake 17–26

Distribution and breeding biology of offshore pelagic cyprinids and catfish in Lake Malawi/Niassa, by A.B. Thompson, E.H. Allison & B.P. Ngatunga 27–42

The migration of spawning stocks of grayling *Thymallus thymallus*, in Lake Mjøsa, Norway, by H. Kristiansen & K.B. Døving 43–50

Use of the lateral line and tactile senses in feeding in four antarctic nototheniid fishes, by J. Janssen 51–64

Local variability in population structure and density of the protogynous reef herbivore *Sparisoma viride*, by J.M. van Rooij, J.P. Kok & J.J. Videler 65–80

Resource and habitat sharing by the stoplight parrotfish, *Sparisoma viride*, a Caribbean reef herbivore, by J.M. van Rooij, E. de Jong, F. Vaandrager & J.J. Videler 81–91

Brief communications

Annual and daily activity rhythms of loaches in an irrigation creek and ditches around paddy fields, by M. Naruse & T. Oishi 93–99

Threatened fishes of the world: Neosalanx reganius *Wakiya & Takahashi, 1937 (Salangidae), by T. Takita* 100

Food consumption of yellowfin tuna, *Thunnus albacares*, in Sri Lankan waters, by R. Maldeniya 101–107

Threatened fishes of the world: Galaxias fuscus *Mack, 1936 (Galaxiidae), by T.A. Raadik, S.R. Saddlier & J.D. Koehm* 108

Full papers

Description of the early ontogeny of the Atlantic salmon, *Salmo salar*, with a novel system of interval (state) identification, by Y.N. Gorodilov 109–127

Reproductive styles of shallow-water groupers (Pisces: Serranidae) in the eastern Gulf of Mexico and the consequences of fishing spawning aggregations, by F.C. Coleman, C.C. Koenig & L.A. Collins 129–141

Threatened fishes of the world: Etheostoma chienense *Page & Ceas, 1992 (Percidae), by B.M. Burr & M.L. Warren Jr.* 142

Temperature effects on sex differentiation of two South American atherinids, *Odontesthes argentinensis* and *Patagonina hatcheri*, by C.A. Strüssmann, J.C.C. Cota, G. Phonlor, H. Higuchi & F. Takashima 143–154
Ovarian cycles and microhabitat use in two species of topminnow, *Fundulus olivaceus* and *F. euryzonus*, from the southeastern United States, by T.A. Blanchard 155–163
Form changes in the sea bass, *Dicentrarchus labrax* (Moronidae: Teleostei), after acclimation to freshwater: an analysis using shape coordinates, by M. Corti, A. Loy & S. Cataudella 165–175
The influence of habitat on the size distribution of groupers in the upper Florida Keys, by R. Sluka & K.M. Sullivan 177–189
Threatened fishes of the world: Neochanna burrowsius *(Phillipps, 1926) (Galaxiidae), by R.M. McDowall & G.A. Eldon* 190
Intra-buccal feeding of young in an undescribed Tanganyikan cichlid *Microdontochromis* sp., by Y. Yanagisawa, H. Ochi & A. Rossiter 191–201
Threatened fishes of the world: Barbus trevelyani *Günther, 1877 (Cyprinidae) by J.A. Cambray* 202
Ontogenetic dietary shifts and feeding behavior of the tiger shark, *Galeocerdo cuvier*, in Hawaiian waters, by C.G. Lowe, B.M. Wetherbee, G.L. Crow & A.L. Tester 203–211

Brief communication
The effect of salinity on the chemotaxis of glass eels, *Anguilla anguilla*, to organic earthy and green odorants, by C. Sola & P. Tongiorgi 213–218

Invited review
Asian great lakes, especially Lake Biwa, by H. Kawanabe 219–234

Full papers
Distribution and breeding biology of offshore cichlids in Lake Malawi/Niassa, by A.B. Thompson, E.H. Allison & B.P. Ngatunga 235–254
Stochastic determinants of assemblage patterns in coral reef fishes: a quantification by means of two models, by N.D. Waltho & J. Kolasa 255–267
Threatened fishes of the world: Papillogobius punctatus *Gill & Miller, 1990 (Gobiidae), by H.S. Gill* 268
Examination of a great abundance of filefish, *Pervagor spilosoma*, in Hawaii, by E.S. Hobson & J.R. Chess 269–278
The effects of turbidity and vegetation on the risk of juvenile salmonids, *Oncorhynchus* spp., to predation by adult cutthroat trout, *O. clarkii*, by R.S. Gregory & C.D. Levings 279–288
Influence of sex, age and season on the feeding habits of the flatfish *Solea senegalensis*, by E. Garcia-Franquesa, A. Molinero, J. Valero & R. Flos 289–298
Environmental sources of trace metals in sea lamprey, *Petromyzon marinus*, larvae in New Brunswick, Canada, by J.A. Holmes & J.H. Youson 299–310
Shaoling enhances cadmium avoidance by lake whitefish, *Coregonus clupeaformis*, by R.E. McNicol, E. Scherer & J.H. Gee 311–319

Brief communication
Feeding chronology and habits of *Alosa* spp. (Clupeidae) juveniles from the lower Hudson River estuary, New York, by S.A. Grabe 321–326

Threatened fishes of the world: Taenioides jacksoni *Smith, 1943 (Gobiidae), by M.N. Bruton* ... 327

Full papers

Recolonisation and recruitment of fishes to intertidal rockpools at Wellington, New Zealand, by T.J. Willis & C.D. Roberts ... 329–343

Threatened fishes of the world: Galaxiella nigrostriata *(Shipway, 1953) (Galaxiidae), by H.S. Gill & D.L. Morgan* ... 344

Polygynandry in *Pseudotropheus zebra*, a cichlid fish from Lake Malawi, by A. Parker & I. Kornfield ... 345–352

The social and mating system of the herbivorous reef fish *Sparisoma viride*: one-male versus multi-male groups, by J.M. van Rooij, F.J. Kroon & J.J. Videler ... 353–378

Diel patterns of behavior in juvenile walleye pollock, *Theragra chalcogramma*, by S.M. Sogard & B.L. Olla ... 379–386

Notes on the induced reproduction and development of the tigerfish, *Hydrocynus vittatus* (Characidae), embryos and larvae, by G.J. Steyn, C.L. Gagiano, A.R. Deacon & H.H. du Preez ... 387–398

Structures associated with feeding in three broad-mouthed, benthic fish groups, by W.A. Gosline 399–405

Brief communications

Male orangethroat darters, *Etheostoma spectabile*, do not prefer larger females, by M. Pyron .. 407–410

Periodicity of reproductive behaviour by the blue tilapia, *Oreochromis aureus*, by J.A. Marshall & P.E. Bielic ... 411–414

Book critique

About gender, by J. Nielsen ... 415–416

Authors' index ... 417

Acknowledgements for refereeing ... 418

Volume contents ... 419–421

Instructions to authors ... 423–424
